Or Gr 1 second class. That is the only thing.
If too many to mix with Gr 2 - we could add one at 4:45 TH -Studio 3.

Peyton thinks it advances them being in the Gr 2 class. So we will try to keep it that way.

PRIMARY 7/8 yrs.

7 yr olds - *With ballet training, suitable for their age, they will progress better and more quickly, with two classes a week* - but if they are just 'trying' ballet and can only come to one class, they can do that; don't mention exams - that will be covered by our comment originally that they will progress better and quicker with two classes. So at exam time they just won't be ready and also we can keep an eye on them throughout the year - if a student appears able and keen we can contact mother during the year and ask she reconsider the second class as we advise it for her student.

8 yrs olds - will need 2 Primary classes a week.

Grade One

All students need 2 classes a week. Most will be 1 Grade One and 1 Grade Two - but occasionally 1 Grade One and 1 Primary

MAY 5th

NEEDED by FALL

Also - we need to design forms for teachers to jot down assessment of students - like an exam sheet - it is so hard to keep track of progress - and if I had those I can contact parents much earlier - for instance if a child is talented and only in one Primary class - I would know early.

When does she turn 9 yrs? If she is a young 8 in August she should start with 2 Primary classes a week, and we will assess her progress. If needed we can move her to 1 Primary and 1 Grade One. But if she is an older 8 or even she can start with 1 Primary and 1 Grade One - we would only do that if
